

Endorsed by the UN Climate Conference 2017 COP23

Sponsorship Catalogue Global Renewable Energy Solutions Showcase GRESS

7 & 8 November 2017

Venue: Kunst- und Ausstellungshalle Bonn, Germany

Since the climate treaty of Paris, renewable energies have become a central focus of the UN Climate Conference. During the COP23, the RE industry will present its solutions in the context of a stand-alone event against the COP23 delegates, including many decision-makers from governments, international organizations and NGOs. Two main topics:

- Full renewable energy supply
- Decentralization as an important characteristic of such RE supply.

The venue is the Kunst- und Ausstellungshalle of the Federal Republic of Germany (KAH), in the immediate vicinity of the main venue. All COP23 delegates pass practically directly at the KAH.

Topics

- Power Solutions I: Renewable Energy Grid
- Heating & Cooling Solutions
- Industrial Solutions
- Power Solutions II: Renewable Energy Off-grid
- Transportation Solutions
- Urban Solutions
