

World Bioenergy Association Webinar Series

Large Pockets of Sustainable Biomass- Opportunities Revealed!

May 17, 2017- CDT (3-5pm), UTC (2-4pm), EDT (9-11am), PDT (6-8am)

Times Based on UTC

- 2:00 Introduction- Remigijus Lapinskas, President, World Bioenergy Association
- 2:05 Australia- ***“Untouched Wood and Agricultural Biomass”***- Andrew Lang, VP WBA
- 2:15 Canada- ***“Harvest Residues- The new Frontier”***- D. Bradley, President, Climate Change Solutions
- 2:25 Brazil- ***“Underutilized Eucalypt Biomass- Mato Grosso do Sul”***, Germano Vieira Aguiar, Forest Director- Eldorado Brasil
- 2:35 New Zealand- ***“Sustainable Radiata Pine”***- Brian Cox, Executive Director, Bioenergy Association of New Zealand
- 2:45 China- ***“Biomass & Development in China”***, Kelvin Hong, Chairman, Great Resources Group
- 2:55 Canada- ***“Hearst Bark Mountains”***- Sylvie Fontaine, Executive Director, Hearst Economic Development Corp.
- 3:05 Namibia- ***“Utilizing Namibia’s Encroacher Bush - creating a path to prosperity?”*** - Dagmar Honsbein, Director, Namibia Biomass
- 3:15 Brazil- ***“Underutilized Sugar Cane Bagasse in Brazil”***- Zilmar de Souza, UNICA
- 3:25 Russia- ***“Sourcing Energy wood from Russia”***- Timo Karjalainen, Luke Natural Resources Inst.
- 3:35 Argentina & Central America- ***“Awakening of a Giant- Non-Food Energy Crops in Argentina”***, Emiliano Maletta, CEO, Bioenergy Crops
- 3:45 Mozambique- ***“Energy Pellets from Plantations”***- TBA
- 3:55 Wrap up- Remigijus Lapinskas, President, World Bioenergy Association

Agenda April 19A, 2017
